## Relationships and Sexual Education Policy

---

### **Introductory Statement and Rationale**

All schools are required to have an RSE policy to detail how RSE is taught in the school, including the sensitive aspects. This policy is an approved approach to the teaching of Relationships and Sexuality Education (RSE). It was developed to inform teachers and parents as to what material is covered in the RSE programme within SPHE both formally and informally. The first RSE policy was developed in 2007, it was ratified by the BOM on 25<sup>th</sup> April 2007 and revised in 2019.

### **School Philosophy**

We recognise that SPHE is intrinsic to the teaching and learning that occurs both formally and informally in school and in the classroom. Through our SPHE programme and subsequently through RSE, we wish to assist children to develop feelings of self-worth and self-confidence while encouraging their ability to relate to others in a positive way. The curriculum also encourages children to be aware of their rights as an individual while at the same time accepting responsibility for their actions as members of the school and wider community. Our school values the uniqueness of all individuals within a caring school community. Our ethos means that we value respect, tolerance and openness through the lived experience of the children and school community. Parents have the primary role in the social, personal and health education of their children so their involvement will be encouraged as much as possible. SPHE and RSE are key components in supporting our school and children to develop into healthy young adults.

### **Definition of RSE**

Relationships and Sexuality Education is an integral part of SPHE and must be taught in this context. It provides structured opportunities for pupils to acquire knowledge and understanding of human sexuality and relationships through processes which will enable them to form values and establish behaviours within a moral, spiritual and social framework. In particular, it addresses the meaning of human sexuality, relationships, growth and development, relevant to personal and social skills.

## **RSE in the context of our SPHE programme**

Social, Personal and Health Education (SPHE) provides opportunities for pupils to learn basic personal and social skills which foster integrity, self- confidence and self-esteem while nurturing sensitivity to the feelings and rights of others.

SPHE:

- Is a lifelong process and consequently RSE is a continual process throughout primary school and is not confined to once off inputs or lessons.
- Is a shared responsibility between family, school, health professionals and the community. RSE education should include an input from all, and collaboration can be fostered through the teaching and delivery of materials.
- Is a generic approach. It is not so much about the specific content of RSE but rather the relationship with a child's skills, attitudes, values and understanding relevant to a range of social, personal and health issues.
- Is based on the needs of the child, therefore RSE education should prioritise the needs of the child and his/her environment, with appropriate adaptations made within the curriculum to suit individual requirements and individual school situation.
- Is spiral in nature. RSE is revisited at different stages throughout the child's time in school, this will provide opportunities to consolidate and build on previous learning. This allows for issues and topics to be explored and treated in a manner appropriate to the children's needs, abilities and levels of maturity.
- Engages children to be involved in activity-based learning. RSE should provide a range of learning opportunities that include working together, learning about one's own feelings and those of others, developing a sense of empathy and experiencing and supporting healthy relationships.

Through SPHE and RSE, members of the school community should be enabled to enhance their self-esteem and wellbeing through;

- A sense of identity
- A sense of purpose
- A sense of belonging
- A sense of security
- A sense of competence

In an ever-changing world, RSE encourages children through consistent messages that are taught in line with SPHE. The school has a responsibility to ensure that its curriculum is free of bias and that issues of inequality in any form are addressed and dealt with (SPHE Teacher guidelines, p.25). In learning about cultures and traditions of others, children can develop a sense of respect for difference

and appreciate the contribution that such has to offer. It will encourage children to be inclusive with each other, challenge prejudice and learn how to live in an intercultural society.

#### **Current Provision Included in the School Curriculum is:**

- SPHE lessons (provided through discrete curricular time and integration)
- Use of the RSE Manuals and Busy Body resources
- Stay Safe Programme
- Walk Tall Programme
- Webwise resources
- Adapted resources for SEN from [www.pdst.ie](http://www.pdst.ie)
- Ethical Education (Learn Together Programme)

#### **Aims of our RSE programme**

- To enhance the personal development, self-esteem and well-being of each child.
- To help the child to develop healthy friendships and relationships.
- To promote a healthy attitude to sexuality and to relationships.
- To foster an understanding of, and a healthy attitude to, human sexuality and relationships in a moral, spiritual and social framework.
- To enable the child to acquire an understanding of, and respect for, human love, sexual intercourse and reproduction.
- To develop and promote in the child a sense of wonder and awe at the process of birth and new life.
- To enable the child to be comfortable with the sexuality of oneself and others while growing and developing.

#### **Broad Objectives**

When due account is taken of abilities and varying circumstances, the RSE education curriculum should enable the child to (in conjunction with the SPHE curriculum)

- Acquire and develop knowledge and understanding of self
- Develop an appreciation of the dignity, uniqueness and well-being of others
- Develop a positive sense of self-awareness, self-esteem and self-worth
- Understand the nature, growth and development of relationships within families, in friendships and in wider contexts
- Develop an awareness of differing family patterns
- Come to value family life and appreciate the responsibilities of parenthood
- Develop strategies to make decisions, solve problems and implement actions in various personal, social and health contexts

- Become aware of the variety of ways in which individuals grow and change, and to understand that their developing sexuality is an important aspect of self-identity.
- Develop personal skills which will help them to establish and sustain healthy personal relationships.
- Develop some coping strategies to protect themselves and others from various forms of abuse.
- Acquire and improve skills of communication and social interaction.
- Acquire and use an appropriate vocabulary to discuss feelings, sexuality, growth and development.
- Develop in the child a critical understanding of external influences on lifestyles and decision making.

#### **Policies which support SPHE/RSE**

- Child Safeguarding Policy
- Substance Use Policy
- Code of Behaviour
- Anti-Bullying Policy
- Enrolment Policy
- Acceptable Usage Policy
- Healthy Eating Policy

#### **Guidelines for the Management and Organisation of RSE in our School:**

Curriculum Content- The curriculum by NCCA will be followed as published and will be taught from infants to 6<sup>th</sup> class. All resources used will be in keeping with the ethos of the school, the whole school plan for SPHE and the RSE policy. Each class teacher will teach the content for their class level each year as laid out in the curriculum and utilising the RSE manuals to complement their teaching.

#### **Management of RSE**

- The strands Growing and Changing and Taking Care of my Body are covered annually, in Term 2 of the school year.
- The sensitive lessons are covered as part of these broad topics (see SPHE whole school plan)
- Special arrangements exist for the delivery of the sensitive elements from 4<sup>th</sup> class up.
- Special consideration will be taken to ensure that the needs of the children with SEN are met. Taking into account the pupil's social and emotional development, instruction will be based on individual needs where possible. Parents will be consulted around sensitive issues.

## **Parental Involvement**

- Parents will be informed that the school fully implements the RSE strands of the SPHE programme including sensitive aspects of the programme at enrolment.
- Parents will be informed in advance of lessons on the sensitive areas of the RSE programme, with a letter relevant to what will be taught at their child's class level.
- The letter will be issued in advance, giving parents an opportunity to meet with relevant class teachers if they so wish, to discuss or clarify what is covered and to prepare their children, it also gives parents an opportunity to become involved, to inform themselves of the programme content and to prepare children for the information they will acquire around the sensitive areas and discuss areas covered in RSE/SPHE.
- Parents are welcome to view the curriculum and may speak to the class teacher if they have concerns at any time during the year. The school acknowledges that parents have the primary responsibility for educating their children about growing and changing.
- Following discussion with Principal and/ or Class Teacher, if a parent wishes to withdraw their child from the sensitive lessons it should be given in writing stating their reasons for doing so and this will be centrally files.
- If a child has been withdrawn from the sensitive RSE lessons, the school takes no responsibility for what the child may hear following on from the teaching of the lessons. E.g. What they may hear on yard.

## **Approaches and Methodologies**

When implementing the programme, staff at St. Aidan's N.S, Clonroche, will endeavour to display respect for and sensitivity towards the different cultural and family backgrounds experienced by the children. The curriculum will be taught in an age-appropriate manner at all times. The curriculum will be taught from Junior Infants to 6<sup>th</sup> class. It will be taught through a spiral curriculum. The materials taught will reflect the needs of the children.

### **The RSE curriculum will be taught through:**

- Stories and poems
- Classroom discussion
- Group work
- Games
- Art activities
- Reflection

- Circle time
- Direct teaching

### **Differentiation**

Teachers use assessment and professional judgement to differentiate the programme and content to suit the needs of the class. Some techniques used:

- Ensuring that objectives are realistic for the students
- Ensuring that the learning task is compatible with prior learning
- Providing opportunities for interacting and working with other students in small groups and spending more time on tasks
- Organising the learning task into small stages and ensuring that the language used is pitched at the student's level of understanding
- Understanding of the activity using task analysis, outlining the steps to be learned/ completed in any given task, posing key questions to guide students through the different stages/ processes, and to assist in self-direction and correction
- Having short and varied tasks creating a learning environment through the use of concrete, and where possible every day materials, and by displaying word lists and laminated charts with pictures

Sometimes the stage of development in a class can vary widely and strategies to differentiate in class can support gradual and appropriate teaching

- Group work and discussion
- Higher and lower order questioning in groups
- Moderated whole class discussions through the use of a Question Box

### **Pupils with Special Educational Needs**

Adaptations to the way in which the content is delivered will be made for children with Special Educational Needs. Consultation with parents/guardians in advance and anticipation of the children's needs will be central to ensuring learning is meaningful.

- Children may be pre-taught language or concepts in anticipation of whole class work
- Children may work in smaller groups or 1:1 on adapted and suitable material
- Any specific objectives related to the pupils own learning needs should be detailed in their IEP or SSP in consultation with parents/ guardians

## Language

SPHE curriculum provides a context in which children are given opportunities to develop and enhance their language skills and to increase their vocabulary related to SPHE. Children should become aware of the power and influence of language. When used positively, language can build up, affirm and show respect to another human being but if used in a negative manner can hurt, diminish and demean. Children need to recognise and become sensitive to the ways in which they themselves use language in their relationship and their everyday interactions. Language is a powerful tool and should be used with respect and integrity for the dignity of each person. The formal use and teaching of language generally throughout the school

- The use of language in discussion through your formal RSE lessons
- Appropriate vocabulary in formal teaching

There are two areas where the use of language is applied in RSE lessons;

- Relating to sexuality, growing up, physical changes, parts of the body and feelings will be used, the use of slang will be discouraged
- Anatomical terms and language introduced is consistent with RSE Materials Books.

## Questions

We use some simple principles when fostering discussion and questioning

- No personal questions of the teacher
- The Question Box will be availed of by the children
- The teacher will be mindful of their reaction to any questions
- Questions do not have to be answered straight away
- Questions may be referred back to parents

During the delivery of each section of the sensitive lessons, children will be encouraged to place their questions in a question box in the classroom. These questions will then be monitored and screened with the teacher answering the questions at a later time taking into account the following;

- Questions arising from the lesson content will be answered in an age- appropriate manner
- The class teacher cannot answer questions which do not relate to the particular curriculum objectives for a class
- Pupils will be informed if a question/issue is not on the programme and they will be advised to talk with their parents
- Teachers may exercise discretion to contact parents themselves if they feel that a question is very inappropriate or needs to be communicated with home because of other reasons

- No personal questions will be answered and children will be reminded not to share personal information about their families or others- but can share with teacher after the lessons.

If issues arise which might be seen to contravene Children First Guidelines, the teacher will notify the Designated Liaison Person in the school.

### **Assessment**

Assessment in RSE is important to enable the teacher to pitch the lessons correctly to their respective class group.

The teacher uses;

- Observation and questions to assess the children's engagement and interest
- Use of teacher-designed tasks such as worksheets, quizzes or games
- Use of reflection or learning log

### **Confidentiality**

- The school follows Children First Guidelines and The Child Safeguarding Procedures for Primary and Post Primary Schools 2017
- If a child is withdrawn from the teaching of sensitive issues, we cannot guarantee that the other children will not tell or inform him/her about what happened.

### **Resources**

Relationships and Sexuality Education Resource Materials (DES)- Each class teacher has a copy of the appropriate manual or access to it in online/ pdf format. Other resources that support the broader aims of RSE include:

- Stay Safe Programme
- Walk Tall Programme
- Busy Bodies DVD and booklet. This DVD and booklet were developed to support the teaching of the 3<sup>rd</sup>, 4<sup>th</sup>, 5<sup>th</sup> and 6<sup>th</sup> class components of RSE within the context of SPHE.
- INTO Different Families, Same Love Poster

### **Provision of Ongoing Support**

- Opportunities provided by our Education Centre will be brought to the attention of staff members
- Teachers will be encouraged to attend CPD in RSE
- Staff meetings utilised as a platform for discussion and development of RSE materials
- Support from a PDST Advisor

- Promotion and communication of resources available from [www.pdst.ie](http://www.pdst.ie)

#### **Ratification and Review**

- The policy will be reviewed every two years. The policy may also be reviewed at an earlier time should a need arise.
- Parents and staff will be informed of any amendments made.
- This policy was ratified by the Board of Management of St. Aidan's N.S. Clonroche in November 2006 and the most recent review took place in November 2020.
- Review ratified

## **CONTENT:**

### **Junior and Senior Infants**

#### *VALUE OF LIFE*

- New pets, brother, sister etc. (Page 67 RSE)
- Physical growth – all unique – value themselves, building of self- esteem. (Page 77 RSE)
- Learn about all body parts (Penis, Vagina, Breasts (Page 147 RSE)
- Growth involves change – rate of growth differs for each individual (Page 157 RSE)

### **First and Second Class**

- Revision of Infant programme
- Develop awareness of how our body works (Page 67 RSE)
- Appreciate and celebrate the wonder of new babies.
- Discussion on cycle of Life: Family, family tree, care of babies (Page 152 RSE)
- When my body needs special care
- Revise external parts of the body. Awareness of other body organs e.g. heart & Lungs
- Visit to doctor, tummy upset, using toilet
- Penis, Vagina, Breasts, heart, Lungs and stomach

### **Third Class**

- Preparing for new life (Page 71 RSE)
  - Care of mother and baby during pregnancy and after
  - Nutrition and umbilical cord
  - Womb – nine months – umbilical cord
  - Baby leaves through Mothers vagina
- As I grow I change (Page 93 RSE)
- Comparing and Revision of stages of growth

### **Fourth Class**

- The wonder of new life (Page 169)
  - stages of growth of the baby in the womb to include diagrams/photographs
  - Fertilised egg (round egg) soft lining /womb
- As I grow I change (Page 195 RSE & Busy Bodies DVD relevant sections)
  - A simple explanation of menstruation so that any child can feel comfortable to discuss this with a member of staff/class teacher
  - Girls and boys mature at a different rate

- Change in body shape in preparation for adulthood. **Boys:** penis grows, more muscular, body hair, mood changes, skin changes. **Girls:** body shape, wider hips, breasts grow, body hair, skin changes, mood changes, menstruation

### Fifth Class

- My body grows and changes (Page 81 RSE & Busy Bodies DVD relevant Sections)
  - Body growth and changes in puberty
  - Diagrams of male and female reproductive organs

#### **Female**

- breast development, menstruation begins, growth spurt, under arm and pubic hair begins to grow, hips broaden, perspiration increases, oily skin and pimples develop
- Ovaries – two walnut sized organs to include diagram
- Fallopian tubes
- Womb/Uterus/Cervix
- More detailed talk on menstruation

#### **Male**

- growth spurt, testicles, scrotum, penis, pubic and facial hair, voice deepens, nocturnal emissions, wet dreams, perspiration increases, oily skin, pimples
- sperm production
- erection
- semen

- The wonder of new life (Page 93 RSE & Busy Bodies DVD relevant Sections)
  - Revision of puberty
  - Conception
  - Sexual intercourse
  - Ovum
  - Period/Menstruation
  -

Conception: The ovum is released and travels down the fallopian tube which connects the ovaries to the womb. If the ovum is fertilized during intercourse, conception can take place. The fertilized egg travels to the womb and embeds itself in the soft lining of the womb and baby grows. If conception does not take place the ovum is shed during a woman's period/menstruation.

- Caring for new life (Page 103 RSE)
  - A baby in its first year

### Sixth Class

- Relationships and new life (Page 199 RSE)
  - different kinds of love
  - Childs experience of love and friendship
  - Stable committed relationship

- Becoming a parent
- Conception
  
- A baby is a miracle (page 210 RSE)
  - appreciate new life
  - revise development of baby in womb
  - changes a baby brings to family
